TAKE HOME NALOXONE – HISTORICAL FEES

Introduction

This document outlines the historical fees payable for supplies of naloxone under the Take Home Naloxone (THN) Program administered by the Pharmacy Programs Administrator (PPA) on behalf of the Australian Government Department of Health, Disability and Ageing.

The applicable payment rate is determined by the date the naloxone was supplied, not the date the claim was submitted in the PPA Portal.

The following tables contain the fees payable by the PPA for eligible claims made under the THN Program from 1 July 2022 to 30 June 2026.

Fees payable for the supply of naloxone from 1 July 2026 onwards are outlined in the [THN Program Rules](#).

Payments for the supply of naloxone under the THN Program are made in accordance with the Approved Provider type (e.g. community pharmacy), the supply type (individual or bulk), and the date the naloxone was supplied. Fees are aligned with the applicable Pharmaceutical Benefits Scheme (PBS) entitlements and rates in effect on the date of supply. Additional information about PBS fees can be found on the [PBS website](#).

The amounts shown in the tables are GST exclusive. GST is added to all THN Program payments.

Payment rates for naloxone supplied during the Take Home Naloxone Pilot can be found on the [THN Pilot](#) webpage.
